

6) What is the best shot in your video? What sets that shot apart from all the others?

7) What is the worst shot/portion of your video? How would you redo that part of your project to make it better?

8) What was one big challenge you faced in the filming of your project?

9) What was one challenge you ran into when editing your project?

10) If you were to grade yourself on this project, what would you give your project, *and why*?
